

BLACKWIRE 7225

A pioneering corded boomless headset designed to boost productivity and help professionals focus

NOISE IN THE OFFICE

Now trending

- Open-concept workplaces with fewer noise-blocking walls and private offices
- Less privacy, more distractions and increased noise
- IT departments struggling to achieve high UC&C adoption

¹Plantronics Noise in the Workplace Global Study, 2017.

²Plantronics Mobile Collaboration Global Study, 2016.

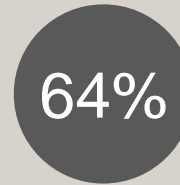

Research shows

of employees believe they'd get more done in a quieter environment¹

agree that background noise reduces satisfaction and productivity¹

say that being able to block out noise and distractions increases their productivity²

THE RIGHT HEADSET CAN HELP COMBAT OFFICE NOISE

Meet Dirk,
the Office Collaborator

- He spends his workday in an office and takes calls from his computer
- Highly susceptible to noise distraction*
- Listening to music or media helps him get in the zone
- Switches between concentration and collaboration throughout the day
- Prefers a stylish, boomless headphone design

*70% of all Office Collaborators are distracted by office noise.
Plantronics Persona Research, 2017.

Blackwire 7225
helps turn down the
noise and turn up the
productivity — and
was built with office
professionals like
Dirk in mind.

BLACKWIRE 7225 IS DESIGNED FOR THE WAY YOU WORK

Boomless design

With four microphones and digital signal processing, background noise is limited even without a microphone boom

Active noise canceling (ANC)

On-demand ANC actively reduces background noise

On-call indicator

Lets others know you are on a call

Modern styling

Choice of contemporary black or white finishes

All-day comfort

Comfort metal headband and ultra-soft leatherette ear cushions provide all-day comfort

Touch audio and media controls

Call answer/end, mute/OpenMic button and volume controls

USB-A or USB-C connector

Dedicated PC/Mac connectivity. Includes mute status indicator.

BLACKWIRE FAMILY OF HEADSETS

Products designed for office collaborators: workers who spend 100% of their workday in the office, primarily at their desk, and use multiple devices to get the job done.

HIGHLIGHTS

Good

The Plantronics performance you expect, at the affordable price you want.

Better

Enhanced compatibility. Exceptional comfort.

Best

Built better for business, by design. Tune out distractions and tune into conversations.

CONNECTS TO

PC/Mac, tablet or smartphone with USB-A or USB-C (or 3.5 mm connectivity with Blackwire 3215 and 3225 only)

PC/Mac, tablet or smartphone with USB-A, USB-C or 3.5 mm connectivity

PC/Mac with USB-A or USB-C connectivity

COMFORT MEETS CONCENTRATION

Leave noise behind — and focus on the task at hand

- On-demand active noise canceling (ANC) so you can focus on your call or work
- OpenMic button allows you to hear surroundings when you need to
- Pioneering boomless four-microphone design to reduce background noise

Choice of two
classic finishes: white and black

BE HEARD ON CONFERENCE CALLS

Blackwire 7225 is ideal for voice and video conferencing:

- Boomless design means employees look professional on video conference
- Dynamic mute alert senses and alerts you when you try to talk when muted
- Mute on/off status announced by voice alert
- Mute status indicator located on the USB plug
- On-call indicator lets others know when you're on a call
